

## **BIKING & HIKING TRAIL DESCRIPTIONS**

We're excited to offer Biking and Hiking Trails at Hilly Haven! The trails are dog friendly on a leash and multiuse for biking and hiking. Please help keep these trails beautiful and user friendly by picking up trash if you see any and move sticks off the trail. Have fun exploring the trails!

### **Meadow Pass .1 mi. Easy (Green)**

This trail is an alternate beginning trail. Simple and gets you in the sun and open for a little bit.

### **Sand Creek Trail 1 mi. Intermediate (Yellow)**

Following the meandering Sand Creek, you will enjoy the flora and fauna of a Wisconsin's woodland. Sand Creek Trail is the most diverse and thorough loop. Enjoy multiple creek crossing and scenic vistas. There are two sweet switchback areas that will allow an easier transition through the varying elevation. There's even a pond along the way.

### **Ski Hill Trail .35 mi. Expert (Red)**

Didn't quite get enough of the hills yet? Take Meadow Pass to the Ski Hill Trail and add a little more awesomeness to your day. Your first view is of the limestone waterfalls and rock formations. This trail slaloms down one of Hilly's downhill ski runs from years past and up the old towrope trail. Always remember when going up a tough hill, what goes up must come down!

### **Return Trail .5 mi. Medium (Blue)**

If you head up the first hills on Sand Creek Trails and just aren't feeling the hills today. Take the Return Trail signs back down for a gentle slope. Plus, there's a treat of a beautiful view of the waterfalls along the way.

### **Lower Trail .1 mi. Easy (Orange)**

So you made it through the first switchback of the Sand Creek Trail and your ready for smooth ground. Take the Lower Trail just past the covered bridge for an Easy alternative route.
